

Freestanding Portable Privacy Screen (Polycarbonate)

Option to mix 'n' match fabric & polycarbonate panels

Product Features

Multiple Configurations

Designed to be placed in a zig-zag, curved or L-shape, our patented 360 degree articulating hinges allow full rotation of each panel to allow easy manipulation.

Sound Dampening

Engineered fluted polycarbonate panels offer outstanding sound insulation for superior acoustic performance.

Easy Wash

Polycarbonate panels are 100% waterproof and cleanable. Ideal for specialist hygiene environments.

Customisable

Mix and match fabric colours and finishes (fabric and polycarbonate) to create your own unique product. Company logos and artwork can also be printed directly onto panels.

Easy Storage

Lightweight and easy to fold, move and store. Folds down to 85cm x 9cm.

Safety First

Our patented no-pinch hinges reduce the possibility of fingers getting pinched.

Fully Assembled

Ships fully assembled. Simply unbox and position in place.

Manufactured in Australia

Manufactured and assembled in our Sydney factory ensuring the highest quality.

Product Description

- A simple 3-panel acoustic folding privacy screen that can be positioned straight or in any non-linear shape such as zig-zag, curved and L-shape.
- Max length available when in non-linear shape is approx 2.54m L.
- Three heights available – 1.78m / 1.97m / 2.24m.
- Enjoy the privacy of a room divider while allowing light to come through and illuminate the area.
- The Polycarbonate panels allow light transmission from 12%-82% depending upon color selection.
- Strong and durable providing greater protection against breakage. The impact strength is 10-17 times that of Plexiglas.
- Panels offer outstanding UV protection both through the surface and in colour fading.
- Can maintain their properties from an extreme temperature range from 40C to 120C (-40F to 248F).
- Perfect for any indoor or outdoor application.
- The privacy screen meets the floor, so no gaps at bottom.
- Fibreglass panel construction offers enhanced, superior acoustics.
- The frame of the room divider is constructed of extruded lightweight aluminum profiles joined with cast aluminum corners joints for light weight strength and durability.
- Hang objects such as artwork, photos, whiteboards etc. over the top of the portable room divider to make mobile galleries, information walls or classrooms

If you are looking for a 3-panel privacy screen with a fabric finish, check out our Freestanding Portable Privacy Screen (Fabric)

If you prefer a 3-panel folding privacy screen on wheels, check out our Afford-A-Wall Folding Mobile Room Divider (Fabric) or Afford-A-Wall Folding Mobile Room Divider (Polycarbonate)

For a longer acoustic room divider, check out our 360 Acoustic Portable Room Divider (Fabric) or 360 Acoustic Portable Room Divider (Polycarbonate)
